

Dr. Roger Hodkinson, Chairman Of The Royal College Of Physicians, Latest To Expose Covid Hoax

"There is utterly unfounded public hysteria driven by the media and politicians. This is the biggest hoax ever perpetrated on an unsuspected public. There is absolutely nothing that can be done to contain this virus. This is nothing more than a bad flu season. It's politics playing medicine and that's a very dangerous game.

There is no action needed....Masks are utterly useless. There is no evidence whatsoever they are even effective. It is utterly ridiculous seeing these unfortunate, uneducated people walking around like lemmings obeying without any evidence. Social distancing is also useless..... Positive testing results do NOT indicate clinical infection.

It is simply driving public hysteria and ALL testing should STOP immediately....using the province's own statistics the risk of death under 65 is 1 in 300,000. The scale of the response is utterly ridiculous...all kinds of business closures, suicides you're being led down the garden path."
